**ARE INACCURATE ESTIMATES COSTING YOU?**  
TruckLabor takes the labor time mystery out of estimating.

**AT MITCHELL 1**, we think it's about time you had more to base estimates on than prior experience, gut feeling and time-consuming manual searches. That's why we've created TruckLabor, the industry's first comprehensive labor time estimating solution that provides reliable, standardized mechanical labor times for all makes and models of Class 4-8 trucks.

With TruckLabor, you'll find everything you need to estimate a job in mere seconds, so you can write estimates faster and easier than ever before.

Plus, because TruckLabor is from Mitchell 1, your estimates are based on labor time methodology painstakingly developed and perfected over decades. When you eliminate the guesswork, you work smarter and can write more accurate estimates with confidence.

## TRUCKLABOR ADVANTAGES:

- ▶ Standardized Repair Times (SRTs) - Increase shop throughput and profits by delivering consistent and accurate estimates to your customers - every time.
- ▶ Coverage - All makes and models of Class 4-8 trucks.
- ▶ Estimator Tool - Enhance customer satisfaction with professionally formatted estimates personalized with your customers' information.
- ▶ Customizable - Customize labor rates for different customer types or service operations.
- ▶ Automatic Updates - State-of-the-art technology automatically updates labor time data and saves your shop's latest estimates for quick retrieval.
